## 'No' Vote On Proposition No. 1 Urged By School Board And Chamber Of Commerce

Trustees See Disaster For School System If Measure Carries Tuesday

With the statement before it of Superintendent John Saxon of the Pasadena school system that the Pasadena school system "cannot remain open after January 1" if Proposition No. 1 carries at next Tuesday's election, the Sierra Madre school board this week unanimously urged members of the school teaching staff and citizens of this community to vote against the Ham and Eggs or 30-Thursday proposal.

Appearing before the teachers at a meeting in the school library yesterday afternoon Edwin W. Ward, president of the board, read the following statement:

"Your board of trustees has the welfare of this school very deeply at heart and cannot but feel that when in its opinion any measure brought to the vote of the people of the State of California would in any way work a hardship or is likely to be disastrous to the schools of this state or its employees, that it is the duty of the trustees to so inform its employees in the interests of their own welfare.

"After a careful study of the Initiative No. 1 the board of trustees of Sierra Madre unitedly and emphatically urges a 'no' vote to defeat this measure."

Carl Bowman, director of teacher placement of the southern section of the California Teachers' Association told the teachers' meeting that school boards, Parent-Teachers Associations and teachers throughout the State are "unanimous in their vigorous opposition to Proposition No. 1" because of "the baneful effect" it would have upon the entire public school system. Indicating his agreement with Superintendent Saxon, of Pasadena, and other outstanding school authorities that schools of the state will have to close if Proposition No. 1 is successful, Mr. Bowman said, in part:

"The crux of the whole proposal insofar as the public school system is concerned is the requirement that the State and all public agencies, including school districts, must accept retirement compensation warrants in payment of all taxes and other obligations due. There is no reason to believe that these warrants will attain a value approximating their face value.

"One of the self-evident economic laws is that bad money drives out good money. The use of the retirement compensation warrants for the payment of taxes and other obligations due the State, school districts and other public agencies means that funds of the State and of the school districts, represented by lawful money will rapidly disappear and be replaced entirely by these warrants. Not only will people pay school district taxes in such warrants, but there will be nothing but retirement compensation warrants available for apportionment to school districts by the State.

"It is extremely doubtful that anyone will willingly accept retirement compensation warrants from the State, school districts and other public agencies in payment of any obligations due him; he will insist on receiving lawful money. When the lawful money is exhausted and the only income of the public agency is retirement compensation warrants, then creditors, including officers and employees of the State, school district or other public agencies, will be forced to accept retirement compensation warrants, or nothing.

"Because the value of these warrants will be doubtful, such creditors will receive warrants of doubtful value for the services or materials furnished by them. There will be only retirement compensation warrants available for the payment of the salaries of public employees. No one would be willing to sell any supplies or materials, or any form of property to a school district, or to render any services to a school district in return for retirement compensation warrants.

"The principal and interest on existing bonds could not be paid in lawful money as required and school districts would necessarily be forced to default and thus impair their credit. The uncertainty of the value of the warrants is that which definitely imperils the whole public school system."

## Expect Heavy Vote Here Next Tuesday

Interest in next Tuesday's election at which the Ham and Eggs proposal appears on the ballot as Proposition No. 1 had reached the stage yesterday where it was freely predicted that in the neighborhood of 90 per cent of the registered citizens of Sierra Madre would cast their ballots, whereas in recent elections the

Businessmen's Resolution Points Out Provisions Feared As Dangerous

Pointing out what they considered its most vital and destructive features and the devastating effect its adoption at next Tuesday's election would have upon the citizens of California, directors of the Sierra Madre Chamber of Commerce last night adopted a resolution vigorously opposing Proposition No. 1, the Ham and Eggs amendment, that will appear on the ballot. The resolution follows:

"WHEREAS, The directors of the Sierra Madre Chamber of Commerce fully recognize the need of providing adequate care for elderly people who are genuinely beyond the age of economic productivity; and

"WHEREAS, Proposition No. 1 on the November 7th ballot, the California State Retirement Life Payments Act, of itself is not a political or partisan issue, but an economic one; and

"WHEREAS, The adoption of this Act would create a monetary system in California different from that of the 47 other states with great resultant difficulties in interstate business of all descriptions; and

"WHEREAS, The Act authorizes payment of taxes and all other debts due the State and all its political subdivisions by warrants issued under the Act, which warrants would consequently fill the public treasuries, leaving them without lawful money to pay public expenses, and which warrants would have the following drawbacks:

"(1) They must be accepted by the State at their face value of one dollar at any date, though their actual value would be only the amount of two cent stamps (purchased with lawful money) attached to them;

"(2) Said warrants are redeemable for one dollar lawful money only when \$1.04 in such stamps have been affixed and not sooner than 53 weeks from the date of their issue (Sec. 6, Par. 5) (Sec. 14);

"(3) No existing bank could accept the warrants for deposit, nor cash them with lawful money, because of Federal and State laws protecting their depositors;

"(4) The bank created by the Act, and which is designated by the Act as agent for the Administrator to redeem the warrants, could legally give money in exchange for warrants only in accordance with Sec. 6, Par. 5 and Sec. 14;

"THEREFORE, The directors of the Chamber of Commerce are convinced that the adoption of this Act would result only in bankruptcy for the State and all its subdivisions, great losses to all classes of business, and damage to California credit which it would take many years to repair. They are also convinced that it would result in great hardship and suffering, not only for all public employees, but the heaviest burden and greatest suffering would fall upon the citizens least able to endure it (many of whom are mistakenly supporting the Act); those on relief, those working on WPA, those receiving all

## Newspapermen Will Hold Election Here Next Friday

President William S. Kellogg and other officers of the California Newspaper Publishers Association will be here next Friday evening to address the monthly dinner meeting of the San Gabriel Valley Unit of the association at Wistaria Vine Gardens. Dinner will be served at 6:30, but the publishers will arrive early to take in the second annual Cascade Chrysanthemum Show at the Gardens.

Former Governor Frank F. Merriam, a Sierra Madre resident and former newspaper publisher, will be among the guests. Officers of the valley unit for the coming year will be elected. Reservations indicate approximately 40 publishers, many accompanied by their wives and members of their staffs, will be here.

## HEALTH PROGRAM GETS UNDER WAY AT CITY SCHOOL WITH IMMUNIZATION OF PUPILS

Hearing of pupils at the Sierra Madre grammar school rated high in an audiometer test given Friday by Dr. Mary Dale, new school physician, to 275 pupils above the third grade. Of this number only 12 were found to have hearing impaired to such an extent that medical attention is needed. On her next visit to the school, Dr. Dale will see individually the children whose hearing is poor and check further to ascertain the extent of the defect.

Twenty-seven pupils were immunized for diphtheria on October 23 and 23 pupils were vaccinated for smallpox October 30 by Dr. E. Fontaine, district health officer from Monrovia, California

## Organizing 13 Clubs At City Schools

Pupils Sign Up For Studies And Groups For Their Own Selection

Thirteen clubs have been formed at the grammar school to take care of every extra-curricular activity from stamp collecting to story writing. At a school assembly last Thursday each teacher from the 4th grade up told students about the club she could lead. Following presentation of a list of clubs, students were given sheets with the names of clubs and their leaders, and were asked to make a first, second and third choice of the activity they were most interested in and wanted to join.

All sheets have been returned to the superintendent's office and as nearly as possible each child will be assigned to the club of his first choice. Where too many have indicated a particular organization, the overflow will be assigned to clubs of their second and perhaps third choice.

All clubs will meet Friday afternoons from 2:40 to 3:30 o'clock. Types of organization and their leaders include a Newspaper club, Mr. Larsen; Dramatics club, Miss Sydnor and Mrs. MacKenzie; Harmonica club, Miss Pfahler; School decoration club, Miss Lusted; Friendly Indians Club, Mr. McElfresh; Stamp club, Mrs. Wheeler; Knitting Club, Mrs. Adams; Short story writing, Miss Newton; Book club, Miss Moore; Sewing and cooking club, Mrs. Leonard; Weaving and crocheting club, Mrs. Gardner; Athletic club, Mr. Smith.

## Electric Devices Appealed Most To These Burglars

Over \$100 in electric appliances was taken from the Southern California Edison company office on North Baldwin avenue sometime between 10:30 p.m. Thursday and 9 o'clock Friday morning, when the theft was discovered.

Entrance was made at the rear door where a piece of glass in the lower corner near the bolt and lock, was removed with a glass cutter and a hole large enough to reach through was removed so as to unlock the door. Items were selected from the show window and display stands, but nothing was taken from the stock room. Neither the night light in the office nor show window were turned off.

One of each type of electric appliance was taken—mixer, iron, toaster, roaster, roaster grill, double waffle iron, fryer, glass baking dish, and glass vegetable dish.

## Your Privilege--and Duty

As an American you enjoy the priceless privilege of a free ballot---a privilege envied by the people of every other country in the world. At least in this generation Californians will not cast their ballots in an election of more vital importance to the people of their State than that of next Tuesday.

Be a good American---a loyal Californian---exercise that privilege---VOTE ON TUESDAY.

## Sierra Madrean Is Made Deputy Grand Matron of O.E.S.

At the recent Grand Chapter of the Eastern Star at Long Beach, Mrs. Mary Wamcock, past matron of the Sierra Madre Chapter, was appointed Deputy Grand Matron to serve her district, which comprises eight chapters. This is the first time in several years that this post of honor has come to a Sierra Madrean.

## Pretty Girls To Campaign For Red Cross

When Sierra Madreans answer a knock on their doors beginning Saturday, November 11, they will be agreeably surprised by the sight of pretty young girls capped with the Red Cross insignia on the usual white background, attached to a square of blue material covering the hair. The attractive head covering was approved at a meeting Monday afternoon, when it was decided that this means of identification would do away with unnecessary preliminary introductions and save considerable time.

All workers in the 1940 American Red Cross roll call will be guests at a tea from 3 to 5 o'clock Tuesday, election day, at the local headquarters, 47 West Sierra Madre blvd. Plans will be discussed for the annual drive for funds which opens Armistice Day, November 11.

About 500 people attended the Red Cross regional convention at Riverside Saturday and local representatives returned with new and constructive ideas for the membership campaign here.

## Observations

By Lee Shippey

FOUR boys, including one of mine, were arrested Halloween for "assaulting an officer." The "assault" consisted of throwing juicy tomatoes at the officer, and my boy asserts that the officer was laughing when the arrest was made, and seemed to be having as much fun as the boys were. The boys were sentenced to work two days for the city. I heartily approve of the sentence. It will make the boys think a bit next Halloween. But I feel that justice demands that the charge should read "assault with a tomato." It would be manifestly unfair to give boys a "criminal" record for an assault with tomatoes.

## Drunk And Asleep At The Wheel, Man Is Given \$50 Fine

Philip F. Fabrick, of Pasadena, was fined \$50 or 25 days in police court yesterday morning by Judge Tom Neale. And his brother, Vernon, was fined \$25 or 12 1/2 days when he pleaded guilty to charges of drunkenness after being arrested Wednesday evening. The pair were in a parked automobile at Sierra Madre blvd. and Baldwin avenue. Philip Fabrick was asleep at the wheel of the car.

## Warns Youth Here Must Be Interested

Sierra Madre Said To Be On Verge Of An Outbreak Of Juvenile Delinquency

There is likely to be an outbreak of juvenile delinquency in Sierra Madre at any time—the city is on the verge of it now, a committee representing the various local bodies organizing a youth movement here was told Monday evening.

"It is because," said Dan Parker, who startled his hearers with the statement, "nothing has been done for youth here to interest it, entertain it and direct its energies. I see many things going on that cannot mean anything but grief to a lot of our young people and their parents and very undesirable publicity for the city."

Parker is supervising activities of the National Youth Administration in this area and was invited to a conference of the youth movement committee together with E. A. Davey of the Pasadena Boys' Club; E. D. Hughes of Los Angeles Coordinating Council; a representative of the Los Angeles County Recreation Department and the WPA, to suggest lines upon which the local youth movement might be best directed.

Among other things Parker suggested that any plans made should include girls of 15 years of age and over. He said that even the tennis courts here were not fit for use so that they might interest some of the boys and girls. Councilman Tom Schwartz, who presided at the meeting, informed that that arrangements have been made by the city council to put the courts in first class condition.

Parker said he had, in his official capacity, made a thorough investigation of the work being accomplished by the Boys' club of Pasadena, under the direction of a fellow townsman, E. A. Davey, and that Mr. Davey is doing "a really great work with the boys."

## Legion Dance Will Feature Armistice Day Observance

Legionnaires of Sierra Madre Post 297 have a full day ahead of them next Saturday, when the city observes Armistice Day. Members of the local post will journey to Monterey Park to participate in that city's observance. They will attend a breakfast with members of the Monterey Park Legion and will take part in their ceremonies at the community park. Later, marching in the Monrovia parade, to be led by District Attorney Buron Fitts as chief marshal, is scheduled for Sierra Madre Legionnaires.

An Armistice Day dance has been planned by the post and the Woman's clubhouse will be elaborately decorated in patriotic colors Saturday evening. Russell Lovejoy is chairman of the committee, and his co-workers include Commander Lloyd Welch, Dan Lewis, William Schwartz, Sam Graham, Carlo Block, James Irvine and H. E. Gabriel; Mrs. Helen Lovejoy, president of the American Legion Auxiliary, Mrs. Carlo Block and Miss Ruth Kelleher.

## Celebrants Out Of Bounds On Halloween

Laws And Ordinances Unheeded By Many In Boisterous Observance

Halloween was celebrated boisterously in Sierra Madre. It was a combination of Halloween, New Year's eve and Fourth of July celebration rolled into one in which many of the laws and ordinances were forgotten by the merry-makers.

Overripe tomatoes and green oranges sailed through the air and crashed on the windows or the occupants of street cars and automobiles—even the police patrol cars drawing heavy barges as a result of which a number of young men found themselves in the village bastille charged with assault.

Though there is an ordinance prohibiting the discharge of weapons, fire crackers or fireworks under severe penalty, dozens of young men carried revolvers loaded with blank cartridges, torpedoes and fire crackers of all sizes and descriptions were touched off until it sounded as though the downtown district might be the object of a machine gun and light artillery attack.

The smaller children were content to have a good time without going to extremes, doing their stuff with tick-tacks, soaping windows and doing the things that Halloween witches and goblins generally do, as a result of which bright and early Wednesday morning employees of the shops and stores were out with pails and mops cleaning windows, doors and

## Ballot Propositions Are Interpreted By E. W. Camp Leader Of American Bar

(Editor's Note: The NEWS is pleased to be able to present herewith a synopsis of the five propositions that will appear on next Tuesday's ballot by Edgar W. Camp, eminent Sierra Madrean and leader of the American Bar Association. Many readers asked for this interpretation by Judge Camp, for their guidance on election day. His recommendations in previous elections have always been directed solely in the public interest and the welfare of the California he loves so well.)

By E. W. CAMP

NUMBER 1 on the ballot is the "Ham and Eggs" amendment, the most momentous question that our votes will ever decide.

I spent a month this summer studying it, and its probable operation, if adopted. For that sort of work I had had the preparation of 60 years of rather intensive practice in the study of laws and other writings. I wrote and published an open letter, trying to show what frightful havoc the measure would work.

Within space that the NEWS could reasonably give, it is not possible to discuss a document of about 10,000 words.

My earnest advice to every voter is, first, make a faithful effort to read and understand the act. If you are then sure that you know how you ought to vote, vote that way. If you are not then sure which way you ought to vote, get the advice of some man or woman whom you know well and whose advice you are likely to follow in a matter of utmost importance to yourself, and follow that advice. I shall most certainly vote No.

One thing you should not do. You should not shirk your duty by failing to vote.

No. 2 is an initiative amendment to the Chiropractic Act of 1922, which was itself an initiative measure and therefore amendable only by the same procedure.

It raises slightly the "premedical" education requirements of candidates for licenses; increases considerably the curriculum of chiropractic schools; assumes that chiropractors will practice obstetrics (Sec. 13). They may diagnose and treat without drugs any disease (Sec. 7) but must not "advertise" to "treat or cure or attempt to treat or cure" any venereal or sexual disease.

It would be a mistake to encourage men or women to obstetricate who have had no hospital training or experience, who have served no internship and are not equipped, nor even by this measure permitted to perform, acts that must not infrequently be done in confinement cases.

The chiropractic field should not be enlarged. So I shall vote no.

Nos. 3 and 4 are almost duplicates, and limit the interest on small loans to 2 1/4 per cent a month. Really a man who is so hard up that he must pay a rate of interest higher than that ought not to be encouraged to borrow.

A yes vote on both is urged in the official pamphlet by men and women whose advice on this subject ought to be followed.

No. 3 passed in the Senate by a vote of 37 to none and in the Assembly by 57 to 1; No. 4 passed in the Assembly 56 to none and in the Senate 23 to 14.

No. 5 is the Oil Bill. In the official pamphlet, at page 11, top of the second column, it is said that this bill was forced through the legislature in its closing hours. If from this the opponents of the measure would have us understand that it was not carefully considered by the legislature, they would have us understand what is not true, for very few bills received as much consideration as this one, and here is the record: (For such misleading statements in the official pamphlet should be severely condemned.)

Assembly Bill number 1926 (the oil bill) was introduced January 24th and referred to the committee on Oil Industries. It was reported by the committee with recommendations for amendment March 13th. March 14 it was amended. March 16 it was referred back to the committee. April 20th it was reported by the committee for amendment. April 28th it was referred back to the committee. May 1st it was reported by the committee with recommendation that it pass as amended. May 2nd it was amended. May 8th it was made a special order for the afternoon of May 11th. May 11th re-referred to the committee. May 25th reported by the committee for amendment. May 27th referred back to the committee after amendment. June 7th reported by the committee for amendment and further reference. June 8th referred back to the committee. June 12th notice was given of motion to withdraw from the committee. June 13th withdrawn from committee and referred to committee on Ways and Means. The same day it was withdrawn from that committee, and passed by a vote of 44 to 28.

June 16th in the Senate it was referred to committee on Finance; June 17th, on recommendation of that committee, it was referred to the committee on Oil Industries. The same day that committee, with no dissenting votes, recommended that the bill do pass. On June 19th, just before noon-day lunch, the bill was made a special order for 2:30 that afternoon. At that hour it was taken up and passed by a vote of 27 to 11. The Governor approved it June 22nd.

Only a very persuasive argument should induce one to vote down an act passed by our elected representatives after such ample consideration and by such impressive majorities. Besides all that a Yes vote is urged by the Navy Department, by Governor Olson, President Roosevelt, Secretary Ickes and ex-President Hoover.

The front of their places of business.

Not nearly all of the law breaking celebrants were Sierra Madreans. Scores of older boys—above the age of 18 years—came in from Pasadena, Arcadia and Monrovia because, some of them said, they could "have more fun

up here" than they could at home. Dozens of them, traveling in gangs and groups, were escorted to the city limits by police and firemen deputized as police officers for the evening.

A stone crashed through a window in the residential district.

## Over 100 At Bowl Of Rice Party Here

Enjoyable Affair Nets Nice Sum Fro Chinese War Victims

Sierra Madre's second annual Bowl of Rice Party held Sunday evening at Wistaria Vine Gardens was a success in many ways—financial, attendance and food standpoint, according to Harry Lange, chairman of the committee in charge. The affair, from rice bowl collections at the Gardens and the dinner, netted approximately \$53, which will go to the American Bureau for medical aid to China.

More than a hundred people heard T. K. Chang, Chinese consul for Southern California, express deep appreciation on behalf of himself and the Chinese people for the assistance and aid given them through the annual parties. Mr. Chang was introduced by Former Governor Frank F. Merriam, as a friend of many years' standing. Mr. Merriam also gave a short talk on the acute need for funds to aid China.

Guests were delighted with the program of Chinese music presented by Miss Veghte, Pasadena pianist; Miss Romero, violinist of Whittier, and Miss Natasha Tiesen, who played the Chinese gongs. Miss Veghte is well known for her adaptations of Chinese folk songs to American instruments. The trio played three numbers.

Delicacies from the Orient were brought to the Vine Gardens and placed on the table in a Chinese style. Preserved kumquats, shredded coconut and dates from China added to the enjoyment of the dinner, which was served by Sierra Madre Girl Scouts, in uniform.

"First Lesson," the delicately colored painting, by Wing, which was on exhibit at Rikeman's store went to Dr. J. E. Gossard. Out-of-town guests were Mrs. Mott, formerly of the Orient, now living in Hollywood, her son, Sterling Young, of Hollywood.

Club gathered at the home of Miss Marian Vannier for their regular luncheon meeting Tuesday. Mrs. C. A. Allen read "The Golden Boy" following luncheon.

Mrs. Betty Palmer, of Bellflower, will be hostess to members of the Mapla Club at the bi-monthly meeting Friday evening.

Mrs. H. B. Ayers will entertain the Modern Priscillas at her home, 57 West Grand View avenue, next Thursday afternoon. Mrs. B. L. Hinkley will be assisting hostess.

The Dickens Fellowship Club met yesterday at the home of Mrs. Sidney Jewell, 580 North Hermosa avenue.

Mrs. C. A. Allen was hostess to the Young Peoples League of the Congregational Church at an evening party and dance at her home, 250 West Highland avenue, Friday evening.

Miss Ruth Wheeling, Miss Walker, of Pasadena, and John and Weston Senour attended the annual dance of the Pacific Mutual Life Insurance Company employees in Los Angeles Friday evening.

Miss Thomasella Graham will be hostess to St. Catherine's Guild Tuesday, November 7, at 2:30 p.m. at her home, 396 Grove street.

Mrs. W. H. Scoins and Mrs. Jack Paschall enjoyed luncheon in Los Angeles Tuesday with Mrs. D. C. McEwan in celebration of her birthday anniversary. Saturday Mrs. Paschall attended a breakfast at the Los Angeles Country Club honoring Miss Roberta Gift and her bridesmaids. Miss Gift will be married to John Lewis Powell in Los Angeles early this month.

## Spooks 'N Goblins Guests At Many Parties Here

BLACK CATS, witches and goblins haunted many Sierra Madre homes Tuesday evening while pumpkin faces stared out the windows. Merry Halloween parties, dozens of them, were in progress and they were by no means confined to junior affairs, either.

Mr. and Mrs. Emmet Black gave a "barn party" at buffet supper at their home, 4 North Baldwin avenue, with the evening devoted to dancing and clever games. Guests were Misses Genelle Paschall, Eleanor Phillips, Dorothy Walsworth, Cynthia Full and Marian Daily; Mr. and Mrs. Henry Kampert, Mr. and Mrs. Blanke and Elmer Hubbard, Robert Baugh and John Senour.

Mrs. W. B. Stringfellow Jr., an Miss Florence Stringfellow entertained 20 guests at a dinner party at the Stringfellow home, 497 W. Grand View avenue, preceding a party in Pasadena which the group attended later in the evening.

Mr. and Mrs. Roy Edwards and daughter Louise and Mrs. Marie Olsen were guests of Mr. and Mrs. William Edwards for a Halloween dinner at their home, 25 North Lima street.

Over forty young people from the Bethany Church Christian Endeavor Society attended a Halloween masquerade party at the church Monday evening. Clever and appropriate games were played and delicious refreshments served. Mrs. Harvett Cantrell was in charge of the affair.

One of the gayest affairs was a costume party given by Miss Floretta Keith, who created a "spook house" in the Keith living room and arranged games for her guests with delightful prizes for the winner of each. Closing the evening refreshments were served at a table decorated with yellow chrysanthemums and fruits. Young friends attending were Misses Joan Hinkley, Janet Gerschler, Mareta Preston, Margaret Young, Myrel Mae Weese and Helen Stewart and Raymond Andrews, William and Godrich Simons, Arnold Brown, Bill Dawson and Boyd Keith.

A Saturday evening dinner party which was a family affair celebrated the seasonal day of fun at the John Buchanan home, 677 West Montecito avenue, with everyone costumed and ready for an evening of games and corn popping followed by a pumpkin pie feast.

David, Keith, Beecher and Malcolm Wallace, sons of the Vard Wallaces, had a grand party and supper for young friends at their home, 181 West Grand View avenue. Guests were Misses Eleanor and Lizette Annas, Betty Jo Fix and Ardis Hinman, and Rudolph, Robert and William Annas, Jim McCormick, Don Nelson, Malcolm Gerschler and Bob Evans.

John Senour and Miss Margaret Mahan of Pasadena attended the pre-Halloween barn dance given by St. Elizabeth's parish Saturday night.

Twelve little boys from Bethany church Sunday school were entertained at a Halloween party Tuesday at the home of their teacher, Miss Dorothy Moote. Favors, decorations and refreshments carried out the Halloween theme, with appropriate games. Those present were Alfred Richter, Arnold Richter, Willie Annas, Banning Oakley, Jimmie Cole, Jimmy Williams, Norman Morrison and Jimmy Davis, of Sierra Madre; Harold Witt, Kenneth Carlson, Lee Vander Ploeg, and Donald Siegrist, of Pasadena.

### WOMEN TO ARRANGE CHURCH FLOWER SHOW

## With Sierra Madre Students At Wilson Jr. High

Janet Lewis is a library assistant at Wilson. Under the leadership of the school librarian the assistants check and take care of the school's books, and help fellow students find material. They are chosen for their ability and reliance, being recommended by their teachers.

Joseph Belllove and Donald Keys were members of the 10-piece string ensemble that played at the musical talent assembly October 20. The program featured various musical selections by talented students at Wilson.

Bernice Kreitzer is secretary and Edwina Rhodes, conference reporter for Miss Elizabeth Harkness' 9-1 room. All 9-1 classes have organized and elected officers for this semester.

An original Halloween skit written and produced by the public speaking class was given at an assembly October 27, and included several Sierra Madre students. The skit was in the form of a party at which the students played games, told stories, read poems and danced. Harold McCulloch, 10-1, called the dances. Other performers were Lois Brown, Dorothy Davis and Jim McCormick, 10-1; Louis Mariotti and Jeanette Thayer, 9-1.

J. H. ROBERTSON HOME FROM THE HOSPITAL

John H. Robertson has returned from St. Luke's Hospital where he underwent major surgery last week and is resting comfortably at his home, 371 Adams street.

## EASTERN STAR DANCE SATURDAY EVENING

George Haswell's Orchestra will furnish music for the dance to be held at the Masonic Temple under the direction of the Eastern Star Social Club, Saturday, November 4, at 8:30 p.m.

The annual election of officers of the local chapter O.E.S. will be held at the regular meeting Monday evening. All members are asked to attend as a courtesy to the new Deputy Grand Matron, Mrs. Mary Wammock.

## 'Cornfield' Is Hollowe'en Party Scene

Costumes And Dancing Draw Prizes At Second Arts Guild Carnival

Comic costumes and beautiful gowns mingled in the "cornfield" at the rear of the A. J. Dewey studio on East Montecito avenue Saturday evening, when approximately 500 people turned out for the second annual Hollowe'en dance sponsored by the Sierra Madre Arts Guild. Cornstalks and colored lights carried out the "hillbilly" theme, and music for dancing on the improvised floor was by the Westerners cowboy band.

Mrs. Walter Gillett, as a Russian princess, won first prize, a water color by A. J. Dewey, for the most beautiful costume. A painting by Bernard Wynne went to Wanda Cole for the best "theme" costume, and an oil painting by Mrs. Weese was given to Mrs. O. Bergien for the funniest costume.

Other prizes were awarded for dancers—Mayor W. J. Schlitz and Mrs. Harold Roberts for best waltzing in the older group; Grace Jensen and Don Kling of Pasadena for best waltzing in the younger group; Saelia Colbert and Gordon Zahler, jitterbug dancing, and Harold Roberts, who was master of ceremonies, and Mrs. William Burr for the best old-fashioned dancing.

Participating in the program were Ivan Karloff and Renee Crombez; Donna Allen, Frances and Ed Robertson; Grace Jensen, Don Miller, Charles Wilson and Eddie McCloskey.

**ARREST OF RECKLESS MOTORISTS ORDERED**

To combat increasing carelessness of motorists who are risking their lives by ignoring warnings given by flagmen or mechanical signals at railroad grade crossings, which resulted in 164 persons being killed in 1938, the California Highway Patrol issued orders yesterday for the arrest of such motorists. His order followed a report received from railroad operating executives that motorists were showing a disregard for warning signals at dangerous crossings.

"Our officers have been instructed to pay particular attention to this law," said Cato, "the violation of which is a misdemeanor and carries with it a penalty, upon first conviction, a fine of \$50 or imprisonment."

## Timely Tips

By Florence Matheny  
Home Economist, Southern Counties Gas Company

Jack Horner's "pie" was actually a pudding. So, at least, the researchers now state and a nation of pudding lovers (that's us) will hardly object. Ever since that Horner youngster popularized corners, since Miss Muffet had her own way, puddings have been a favorite American dessert. Puddings cover a multitude of—not sins but virtues—and while usually made with flour and cereals or crumbs they need not be. The best bet for Miss Matheny's Fall puddings are fruit and nuts—any batter is better for nuggets of nuts for the molar to find; any pudding is a winner with fruit in its middle. And large draughts of piping hot, freshly made coffee are the perfect partners for any kind of pudding.

**STEAMED CRANBERRY PUDDING**  
2 1/2 cups sifted flour  
2 1/2 teaspoonfuls double-acting baking powder or 4 teaspoonfuls single-acting  
1/2 teaspoonful salt  
1/2 cupful shortening  
1 cupful sugar  
2 eggs, well beaten  
1/4 cupful milk  
1 1/2 cups cranberries  
Cranberry sauce  
Mix and sift flour, baking powder and salt. Cream shortening and sugar gradually, beating thoroughly after each addition; stir in cranberries. Turn into greased tube pan, or other deep baking pan, filling pan 2-3rds full; cover with greased paper. Place on rack in kettle of boiling water; have water come up half-way around pan. Cover kettle and steam 3 hours. Keep water boiling gently over the simmer burner or medium low flame. Serve with cranberry sauce. Approximate yield: 6 portions.

**LEMON SNOWBALLS**  
1 cupful sifted flour  
1 teaspoonful baking powder  
1/4 teaspoonful salt  
3 eggs, separated  
1 cupful granulated sugar  
1 teaspoonful lemon juice  
2 tablespoonfuls lemon juice  
Mix and sift flour, baking powder and salt. Beat egg yolks, add granulated sugar gradually, beating until thick and light. Add water, lemon rind and juice; stir in flour and fold in stiffly beaten egg whites. Fill greased cups 2-3rds full; place in pan and allow water to come half-way up on cups; cover pan and steam about 40 minutes. Turn from cups and roll in powdered sugar; serve with a fruit sauce. Yield: 6-8 portions.

For additional recipes for luscious fruit puddings and fruit cakes, plan to attend the weekly cooking school held each Friday at 114 East Lemon avenue, Monrovia. Today's program includes four grand puddings and three delicious fruit cakes!

## VERSTREET GOES INTO RECRUITING SERVICE

R. A. Verstreet, 75 North Baldwin avenue, who for the last 10 years has been chief machinist mate on the U.S.S. Northampton, will arrive next Friday from Honolulu on the U.S.S. Kanawha, and the following week will leave with Mrs. Verstreet for the east. Mr. Verstreet has received a transfer to New York, where he will be assigned to the navy recruiting office. He will go first to Norfolk, Va., for a six-weeks training course and then on to New York. Mrs. Verstreet expects to spend a few weeks with relatives in Erie, Pa., while Mr. Verstreet is in training.

## SIERRA MADREAN TO HEAR GRAND OPERA

Mrs. J. Borradaile of 391 East Grand View avenue, who left a few weeks ago on a proposed trip to Mexico, following a sojourn with her sister in New Mexico, has changed her plans and will spend her vacation in New York City. Mrs. Borradaile is an enthusiastic opera goer and was attracted to New York by the splendid productions which the Metropolitan is presenting this year.

Mr. and Mrs. W. E. Doty returned from San Francisco Monday evening and next Monday will leave for Minneapolis and Chicago. They will return via Texas and will arrive home a few days before Christmas.

Every year of my life I grow more convinced that it is wisest and best to fix our attention on the beautiful and the good, and dwell as little as possible on the evil and the false.—Cecil.

### BEGIN AT HOME

So much attention has been centered on federal spending programs, since tax levies have mounted to the point where the pocketbook of every citizen is painfully flattened, that the average taxpayer is apt to direct his cries for relief to Washington and overlook matters nearer home—his own State, county and city taxes.

Federal taxes ARE exorbitant, and the constant increase of the national debt by a program of spending more than is taken in each year is cause for serious concern. Yet many industries and individuals are harassed even more by their own home officials. One example, which is by no means an extreme one, should suffice to arouse every taxpayer to the homely truth that economy, like charity, should begin at home: Last year class one American railroads and subsidiaries paid taxes totaling \$343,193,790. Of that amount, \$264,934,917, or 77 per cent, went to State and local governments. Tax statistics of many other basic industries bear out the fact that State lawmakers are fully as guilty as Congress, if not more so, when it comes to oppressing business, preventing job-creating expansion, and generally retarding recovery locally as well as nationally by penalizing industry with unreasonable taxation.

Certainly every California legislator should bear that in mind—now that a special session has been scheduled principally for the purpose of considering new and higher taxes demanded by the Administration. Californians may feel relatively helpless when the congress, representing all 48 States, goes on a new tax spree. But Californians may certainly control expenditures nearer home. They can demand economy at Sacramento.

### THE GREAT ISSUE

Raymond J. Kelly, National Commander of the American Legion, recently gave the nation fine advice when he said: "If you must become partisan, let it be solely an aggressive partisanship for the American way of life."

There is one great issue in the world today—an issue which transcends partisan politics, ethnological differences and geographical boundaries. That issue is freedom. Of all the great nations on this troubled earth, we alone still

possess that freedom for which our forefathers fought and bled and died. We alone have the right to think what we please, to say what we please, and to publish what we please. It is a far cry from here to that European dictatorship where, according to late news dispatches, "dangerous thinking" has been formally made a crime in the eyes of the law.

This freedom of ours was dearly won. And it must be assiduously protected if it is to be maintained. All the advocates of dictatorship don't speak foreign languages. All of them aren't oceans away from us. And don't forget that some of the most insidious attacks against true freedom have been made in the name of "democracy."

There are those in this nation who would use the world emergency to place lasting shackles upon the American people. They work by obvious means—a clear and knowing eye is needed to detect them. The call to save the American way of life was never more important than today.

### HIGH FLYING

Debt service in Los Angeles county, payments for interest and redemption on debt owed by the governmental units in the county, cost an average of \$4.08 for each man, woman and child in the county, or approximately \$16 for each family of four, according to a study of debt payments in California counties for the year ending June 30, 1938, recently made public by California Taxpayers' association.

Total debt payments in the county amounted to \$38,456,598, the association found. Of this amount, \$227,125 went for interest and \$450,000 for redemption of general county bonds; \$11,750,606 for interest and \$11,212,600 for redemption of debt of the municipalities in the county; \$4,967,953 for interest and \$5,104,200 for redemption of the debt of the school districts; \$2,297,902 for interest and \$2,401,345 for redemption of special and assessment districts, and \$44,867 for interest on warrants and miscellaneous debt. Debt payments for irrigation, reclamation, and other special districts not reported to the State Controller, were not included in the study, the association stated.

#### LYON SAYS IT WORKS

To the Editor,

Sierra Madre News:

Before, during and after the depression of 1907 I was financially interested in two places of business in a city of approximately 25,000 population, in Kansas, where over 50 per cent of the population were employed by either one of the two railroads, which had headquarters there. At the start of the depression, depositors of both banks withdrew their accounts for safe keeping, and immediately both banks issued script, or funny money, in denominations of one dollar, and the public was forced to accept it. It circulated as legal tender.

Our firms accepted thousands of dollars worth of this funny money. We were amazed to find that our business increased about 50 per cent, and also, that about the same amount of legal tender was circulating as before the funny money appeared. Nearing the end of the depression the people regained confidence and began depositing in the banks and the funny money disappeared, but, through the cooperation of the people and businessmen accepting this worthless paper, the banks

"Though we have got used to the spectacle of enormous government spending and to some remarkable comparisons as a result, it is none the less rather startling to learn that on June 30, last, there were 920,310 civil employees on the Federal government's payroll—2,550 more even than at the World War peak of November 11, 1918," observes the Democratic New York Times. This, it is explained, is one more reason why 25 cents out of every dollar we earn goes directly or indirectly into the insatiable maw of government. Our entrance into the World War caused the number of government workers—entirely aside from those in the military forces—to be doubled. By 1923, the number of employees had dropped almost to the pre-war level. Then a slow rise set in, which became a fast rise in 1933. There were 583,000 government tax-eaters in 1932—and 719,400

were not only saved, but made thousands of dollars by not having to redeem the lost and destroyed script. When it became necessary for us to pay out of city or state accounts, we simply got a cashier's check from the bank and mailed them to our creditors. Who says it won't work?

### THE EFFECT HERE

To the Editor of

The Sierra Madre News:

The nemesis of Ham and Eggs is the apparent disregard of the fact that sales turnover is more of a constant than a variable. Two factors holding down sales turnover are competition and population increase. The average sales turnover for California is about four times inventories. For the purpose of this illustration a turnover of five is used.

Let's see how Ham & Eggs in operation would effect Sierra Madre. Recently released figures from the Federal Government show that 63 out of every 1,000 population have reached the age of 65 or more. It is therefore reasonable to estimate that 100 out of every 1,000 are 50 years of age or more.

That would make the number of pensioners, here, at 500, who would receive \$780,000.00 per year, which sum must be subtracted 52 times to make the war "self liquidating," or in amount \$40,560,000.00 gross sales yearly for Sierra Madre.

The present gross sales here are less than \$2,000,000.00. From the tax rolls it is computed that gross sales for every man, woman and child in Sierra Madre are \$375.00 per year. At best \$30 per week would only provide for necessities. Therefore to provide for a forty million gross sales the capacity to consume must be increased; in other words the population has to increase. On the basis of \$375.00 gross sales per capita in this city the population would have to increase immediately to 106,000, and no new eligibles could be allowed.

For the State of California the population would have to increase to 31,000,000 to provide for a required sales turnover of \$56,000,000,000.00 to support the 700,000 pensioners in California; about one-fourth of the population of the United States.

The figures I have used are based on the State Comptroller's annual report insofar as they relate to the State and from the tax assessment books insofar as they relate to Sierra Madre. To realize that the 30-Thursday scheme is impractical, unworkable and bound to bring disaster upon the whole population of this great State it is only necessary to know the simplest rules of arithmetic. Yes, it is as simple as that.

J. C. LOOMIS.  
Sierra Madre, October 30, '39.

in 1935. And where 824,259 workers lived at the expense of the rest of us in 1936, some 920,310 eat at a tax-supported table today. Most startling of all is the fact that the number of government workers seems to increase regardless of changes in business conditions.

Uniforms for British postmen are made in 450 different sizes, each with four different lengths of sleeve.

Although there are forces pulling Germany, Soviet Russia, Italy and Japan apart, there are still stronger forces drawing them together. As a result the American Navy may find itself at some future time in danger of being exposed to the hostility of navies in both the Atlantic and the Pacific at the same time. This, combined with subversive activities here and in the states south of the Rio Grande, might create an emergency which this country has never faced before. This vivid word picture of some of the potentials of the present war and general world unrest was drawn by Dr. Robert J. Kerner, professor of modern European history in the University of California, in an address commemorating work of the National Defense Committee. "If we are to defend the Americas, isolated and single-handed, a still greater expansion of our present navy and naval bases, including even the projected base at Guam, is in prospect. It may be that, under these conditions, we will do everything short of becoming involved in war to create and maintain a balance of forces in Europe and Asia," he said.

Artists usually paint the moon larger than it should be. When drawn true size, it appears insignificant.

Girth control can be a life-saver according to reports presented the other day to the National Academy of Sciences, meeting at Providence, R.I. Submitting the results of examinations of more than 2000 men, taken over a long period of years by specialists of John Hopkins, it was found that men close to the average in weight or chest size stand a better chance of longevity. Half of the men studied proved to be short-lived, and the other half, long-lived. In the course of these surveys, a few venerable myths were spiked. Contrary to general belief, elevated blood pressures were a sign of long life in the heart cases. Chest expansion had no effect on length of life, despite the common opinion that a large chest expansion is very desirable. Nor did height bear any relation to longevity. Taken as a whole, the findings gave a slighter better edge to those who incline to be lean than vice versa. Henceforth when physicians ask, "Are you keeping in good shape?" patients will have to watch out. It may be a double-edged question!

San Bernardino county is 16 times as large as the state of Rhode Island.

World registration of motor vehicles reached an all time high this year of 42,819,929. This is the sixth in succession to witness an increase, the gain over 1938 being 1.7 per cent, according to the U.S. Department of Commerce. More than 4000 makes of automobiles have been developed since the appearance of the first car propelled by an internal combustion engine. The Smithsonian Institution places that date as 1868, and the country in which it appeared, France. The United States has been the most prolific in turning out makes, leading the list with 1550. Great Britain is second with 610 and France is third with 480. Many of the products were limited to one model and one automobile and were consigned to the junk-heap rather than to a museum.

## Mrs Baldwin's Children Get Big Estate

Will Bequeaths Estimated \$5,000,000 To Her Son And Daughter

Huge estate of the late Anita M. Baldwin, estimated at \$5,000,000, will be divided between her daughter, Mrs. Dextra Baldwin Jones, and her son, Baldwin M. Baldwin. Under terms of her will each was granted \$1500 a month for 15 years, after which the estate will be divided equally between them. If neither is alive after 15 years, and there are no legal heirs, the trust will revert to University of California for establishment of the E. J. Baldwin fund for surgical research.

Taking every precaution that none of the money shall be wasted or used in a spendthrift manner, Mrs. Baldwin incorporated the following in her will: "Each beneficiary hereunder is hereby prohibited from anticipating, encumbering, assigning, or in any other way alienating his or her interest in either the principal or the income and is without power to do so. Nor shall such interests be subject to his or her liabilities or obligations nor are they to be attached, or by other legal processes, bankruptcy or of other claims of creditors."

### ILLINOIS NEWLYWEDS MAKING HOME HERE

Mr. and Mrs. R. T. Sanderson who were recently married in Illinois are recent arrivals in town and are making their home at 2 Bella Vista Terrace.

## What Women Think

Mrs. Albina Knapp, Oakland, celebrating 68th wedding anniversary—"You just can't take things too seriously if you want happiness in marriage. And don't both of you get mad at the same time."

Miss Tony Sender, exiled former member German Reichstag, arriving in San Francisco—"The marriage of the crooked cross and the double cross resulted in the pillage of Poland."

Dr. Dorothy Kaucher, San Jose professor—"It is time we learn where to draw the line between supporting our natural civil liberties and permitting every crackpot agitator who feels like it to cry for destruction of our form of government."

Leone Baxter, California editor—"No one of even ordinary intelligence who has read the \$30-Thursday proposition can fail to see that it proposes to set up a dictatorship dangerous to every citizen in California."

If the housewives of America who are entrusted with an enormous purchasing power would take a greater interest in the tax problem, a more equitable system of taxation might be worked out, according to Miss Mabel L. Walker, executive secretary of the Tax Policy League.

Increasing taxes, she said in a recent interview, have been made possible because "the people, especially the housewives who are responsible for the biggest part of national spending, have been looking the other way. They have to pay. They should know why."

Mrs. O. W. Lockwood, of Chicago, arrived recently to spend the winter with her daughter, Mrs. G. M. McRoberts, Jr., of 536 West Highland avenue.

## Name Hostesses For Young Folks Dance This Evening

At the bi-monthly dance for young people of the community at the Woman's clubhouse this evening, Mrs. Harold Roberts and Mrs. E. D. Robertson will be co-hostesses, assisted by a committee of clubwomen. Mrs. Roberts will have charge of the game room and will be assisted by Mrs. Cecil Morrison.

All young people are welcome and clubwomen will be happy for any cooperation extended by mothers who may accompany daughters if they wish to do so.

Col. and Mrs. David Reeves, 82 West Alegria avenue will leave this weekend for Pacific Palisades where they will make their home indefinitely, but hope to return to Sierra Madre.

## What A Girl Sees Ramblin' 'Round

FIRST objective in the Hal-loween offensive was a sign on the vacant lot adjoining the Safeway store announcing that a new theatre is soon to be erected there... It was torn out of the frame early Saturday evening... "When Col. Hersey gets sick the weather goes cockeyed", observed Lee Shippey when he sauntered into the NEWS office

at noon Monday... the temperature was ninety... A story in this column a couple of weeks ago containing a reader's complaint about neighbors borrowing her copy of THE NEWS every week and imposing outrageously upon her has brought a surprising number of similar wails from other subscribers... If these learners only knew the real feeling of long suffering souls about this penny pinching practice there would probably be lots less of it... One new NEWS subscriber this week was frank enough to admit that her next door neighbor had served notice her paper could

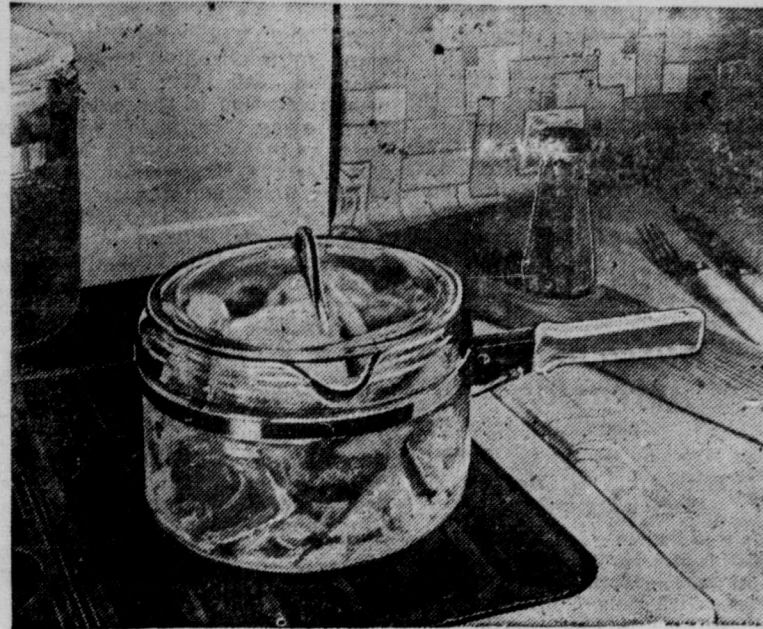

not be borrowed any more... The crew of Pacific Electric painters brushing up the station this week tells us that they have heard all the world's great problems solved by members of the Spittoon Club of senior citizens that holds its daily sessions on the station bench and that if Congress and the President hadn't been so stupid and asked for a little advice the Club was ready to offer there would be no unemployment or other problems facing the Nation... The painters have been impressed with the far sightedness and wisdom of these busy folks... Maybe you can answer a question we have been asked a dozen times this week... what brought so many out-of-town cars and visitors to the city Sunday... Townsfolk tell us there were scores of cars... a regular parade of them... as many as on a busy Sunday at Wistaria Vine Gardens during the Wistaria Fete... and that many of them were big, expensive new ones... Occupants of several cars were looking for a real estate agent... and we have often wondered why our real estate don't keep their offices open Sundays when there are so many visitors... many of them looking the village over and considering home sites...

Attractive brown and beige sign in front of the Rancho Shop at 4 East Foothill blvd. in Arcadia... points the way to a smartly laid out shop carried out in the same color scheme... which Marianne Clement, a Sierra Madre resident... owns... Until recently the Clements made their home at 75 Canon avenue... but now leased their house... Names well known in the city have prominent places in the decorative shop... paintings by Dewey and Bernard Wynne... and cuddly gingham "Dotty Dewey" dolls and animals... to please the children...

Mrs. Clement's relatives are scattered all over the world and from different sections of Europe come many of her beautiful imports... and artware... A pair of hall chairs... hand carved from a very hard wood... resembling gumwood... with the original rush seats... when they were made in Barcelona in 1871... were sent to her by relatives in Spain... and from a brother in Paris a pair of flower plaques in soft, shining colors... A quaint peasant tray... in glowing green... with multi-colored figures... came from Brittany... and a fingernail lacquer bowl made from a gourd in Mexico city... was most unique... Mrs. Clement said the lacquer is applied and the design made with the fingernail... This bowl was bright blue and white... But what appealed to us most were the hand modeled clay animal figures... whole families of them... with faces and poses so cunning one might think they stepped out of "Snow White".

Painting the Pacific Electric station was a surprise to most

## Fricasseed Chicken

A DEEP rich chicken flavor is not difficult to obtain when preparing a fricassee and it is well worth the extra trouble. Place the pieces of chicken in a two quart saucepan and add boiling water to half cover. Adjust saucepan cover and cook chicken slowly for two to three hours, according to age.

Add salt after the first hour. When chicken is tender, remove from stock and roll in one-half cup flour mixed with one teaspoon poultry seasoning. Fry in butter in a skillet until golden brown. Thicken stock and add one-third cup cream, bring to boiling point. Pour over chicken and serve with hot biscuits or fluffy dumplings.

R. W. Solomon returned early this week from a two-weeks business trip to Northern California.

## FIRE FLAMES

The entire 500 or more feet of hose from truck No. 1 was laid along Baldwin avenue during our drill Friday evening. The primary reason was to give the hose a test for leaks and bad order. It was found in first class condition. In the excitement of hurriedly gathering up the hose and reeling it on the truck, Chief Richards lost a little of his self control and said "damn" which gave to Fire Collector Karger the long awaited opportunity to jump on the Chief and fine him the limit. It was paid under protest, but paid—the audience saw to that. Ralph Twedell having had no experience at serving the usual Friday feed, played safe by having Mrs. Twedell send enough delicious grub to serve the crews of five lumber camps. Every member present ate more than the law allows and still Ralph had to take home sufficient for another feed.

We are nearing the end of another successful year of fire prevention. The fire loss has been very low. We are proud of this record and thank the residents for their cooperation. When an incinerator is condemned or some objection is made to outdoor burning, it must be remembered that it is for the good of the city in general, not alone for the good of the fire department's record. Let's keep the FIRES OUT.

## FIRST FREE CONCERT TOMORROW EVENING

The Pasadena Civic Orchestra, Richard Lett conducting, opens its twelfth season of free public concerts on Saturday evening, November 4th, at 8:15 o'clock in the Pasadena Civic Auditorium. The soloists for the evening is Roxana Byers who will play a piano concerto written for her by Frances Marion Ralston of Pasadena. She has played it several times in Southern California. The program will open with Beethoven's Symphony No. 6, first and fourth movements.

Sierra Madreans but not many took it as seriously as one resident who called Ticket Agent Graham... and told him she was going to sue the company... In a very disturbed frame of mind he asked her how come... and she replied, "Heart trouble... due to shock... the station's being painted..."

Relaxing after a busy day is much simpler since we put in automatic gas heating. The house seems just right! No one has to worry about turning the heat up or down. Walls stay dry. The humidity of the air is the way we like it. And gas heat is very economical."

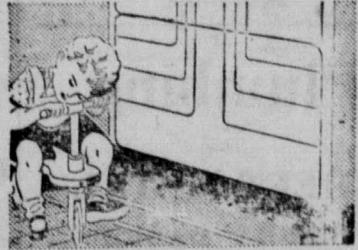

Greatest satisfaction at LOWEST COST is yours with other gas appliances, too!

FOR WATER HEATING—quick hot water for every requirement! That's the convenience you enjoy with an automatic gas water heater. Gas heats water faster, costs less.

FOR COOKING—smokeless broiling is an actual fact on a modern gas range! Grease is drained from the heat zone. Any spattering particles are consumed in the clear blue flame.

REFRIGERATION, TOO! Never a sound from the gas refrigerator. For Servel Electrolux operates without moving, mechanical parts. That means no wear, longer life, utmost economy.

VENTED GAS HEATING APPLIANCES bring you healthful warmth! No "burned" air enters the house. The atmosphere is cleaner.

## Game Of Football Was played In 500 B.C. Gridiron Coach Mallory Of Junior College Tells Kiwanis Club

Tom Mallory, football coach at PJC, and Bill Dunn, athletic director, and well-known official in the coast football games, spoke at Tuesday's Kiwanis meeting. Mallory gave the history of the game, stating that as far as years go, it is ancient, having been played in 500 B.C. He related how various angles developed in the game and how it has come to be the highly specialized game it is today. Possibilities of his own team at PJC were discussed by the coach. Dunn, who officiated at the game between USC and University of California at Berkeley Saturday, gave highlights of the game and answered questions pertaining to football.

Mrs. Helen Lovejoy asked cooperation of Kiwanians in the oncoming roll call, stating the quota this year is 720 members, about 120 more than in 1939.

Club members were asked to call on or send cards to Captain E. G. Everett who is convalescing at the Veterans hospital at Saw-

telle. A good crowd of Pasadenans attended the meeting with members from Monrovia and Alhambra and one visitor from New York. A Kiwanis president-secretary's meeting will be held November 6 at the Leven Oaks Hotel, Monrovia, and on Tuesday, November 21, Dr. James Bower of Monrovia will be installed as Lieutenant-Governor of Division 10, at the Huntington Hotel, in South Pasadena.

### Here's the Truth About Proposition 5

Proponents of Proposition No. 5 have said that the Navy Department was among those recommending the Atkinson Oil Control Bill to the voters and quoted Secretary of War Harry H. Woodring.

BUT SECRETARY WOODRING says: "I have not made any comment on the Atkinson bill and have always taken the position of refusing to comment on matters before State Legislatures."

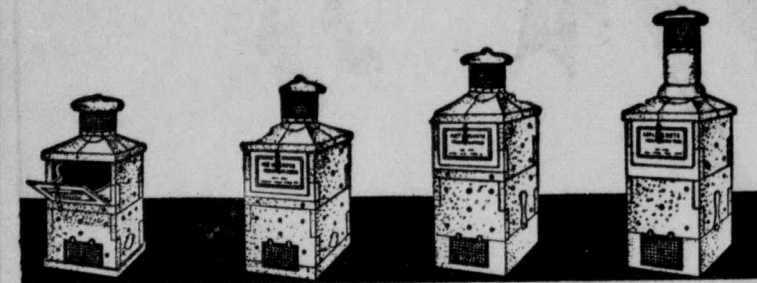

Costly billboard advertising depicting a battleship was posted as a fake appeal to California voters—a daring scheme of Standard Oil that BACKFIRED with a tremendous BANG!

AND NOW COMES THE UNITED STATES NAVY with a strong protest against this nefarious and brazen scheme. The Navy Spokesman says: "The billboard posters are without sanction or cooperation of the Navy Department." And further, "The Navy looks with disfavor upon the billboard display." Truly the U. S. Navy is incensed that it should be drawn into a controversy engulfing by Standard Oil and a few affiliates.

## Green Countryside Here Looks Good To Returned Travelers

Mr. and Mrs. Albert J. Barkman, 40 South Michillinda Blvd., returned last week from a six weeks vacation in the middle west. While away they made their headquarters in Chicago with Mr. and Mrs. George G. Zwissler, parents of Mrs. Barkman, and from there made short trips into Michigan, Wisconsin and Minnesota to visit relatives and friends. Later they went to Excelsior Springs, Mo., where Mrs. Barkman spent some time resting in a sanitarium before undertaking the trip home.

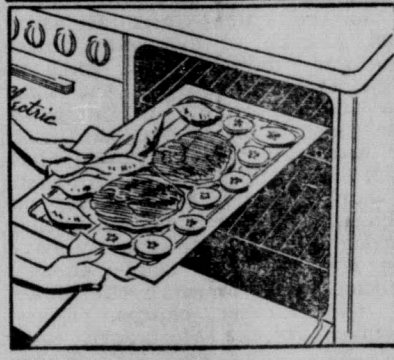

Little rain and extreme heat in the middle western states has made the entire district unusually dry and brown and the Barkmans were happy to return to California where they encountered the first green country on the return trip upon reaching the Colorado desert, where plants are far ahead of the season due to early rains.

## FORMER MAYOR JONES ABOUT TOWN AGAIN

C. W. Jones, Sierra Madre's first mayor, who has been confined to his home for several weeks because of serious illness, is steadily improving and is now able to be about town again. Mr. and Mrs. Hudson Proctor, who made a hurried trip home from a vacation in the east during Mr. Jones' illness, have returned to their home at Three Arch Bay, Laguna.

## YOUR HOME AND MINE

BY ANNE WILSON

Modern homemakers are getting a new slant on broiled dinners. Once they limited broiling to the meat alone, but today they are coming to realize that the same heat may be used to cook the entire main course of a meal. A broiler pan is an excellent place to warm up leftovers or canned vegetables, since the juices drip from the broiling meat. And interesting accompaniments may be broiled on the rack with the meat, such as tomato halves, pineapple rings, apple rings, onion slices and mushroom caps.

Here are a few tempting menu—  
Broiled chicken, buttered egg noodles, buttered canned peas and mushroom caps.  
Broiled ham with slices of apples and cooked sweet potatoes. The apples and potatoes are brushed with brown sugar and butter.  
Lamb chops with pineapple rings, buttered canned string beans, buttered canned corn and hot ripe olives.  
Broiled steak with cooked cauliflower, canned peas and tomato halves.

## TRUTH about ADVERTISING

By CHARLES B. ROTH

### KEEP YOUR SALT CELLARS CLEAN

THE other day I read of an eccentric old woman, rich and socially prominent, who went from house to house judging the occupants by the condition of the salt cellars on their tables.

If these were clean and well kept she put her stamp of approval on the household, but if they were not, regardless of the graciousness and charm of her hostess, she put them down as dowdy folks.

Not all of us, fortunately, are quite so critical, but in one sense we are. And it is good that we are. We are critical of the merchandise we buy and of the merchants from whom we buy it. It is our criticism which keeps the standards of goods and stores high.

One of the many advantages of advertising is that it invites us to be critical of the goods being advertised.

The advertiser assures us that his goods are good. He invites us to compare them with others. We do. If he relaxes for a minute and lets his standards drop, we discern it. We tell others. We cease buying his product.

He knows that even the finest of commercial reputations will suffer if a mere handful of people get wind

of the fact that the goods are sub-standard. They will tell their friends. Soon a whispering campaign is under way. He suffers.

It is only by being careful at every minute of the day that his goods and service are up to high standard that the man who advertises can succeed.

You expect more of him than you do of the man who does not advertise. The non-advertising manufacturer or merchant can fall down in delivering quality and service. You may expect him to. But the man who advertises has to live up to his high obligation.

So you see that advertising is a great vigilance committee, established and maintained in your interest, to see that the men who aspire to sell you will always be worthy of your trade.

The merchant who advertises must treat you better than the merchant who does not. He must treat you as though you were the most influential person in town.

As a matter of cold fact you are. You hold the destiny of his business in your hands. He knows it. He shows it. And you benefit by good service, by courteous treatment, by good value—and by lower prices.

Be critical of advertised goods and stores which advertise. They want you to be critical. Advertising invites you to compare before you buy. It stands or falls on value alone.

— Charles B. Roth

## COL. HERSEY ENJOYS SEEING OLD FRIENDS

Col. H. B. Hersey, who returned last week from the Veterans Hospital at Sawtelle is glad to be home and is enjoying visits from his many friends in the community.

The condition of Capt. E. G. Everett who underwent major surgery at the Veterans Hospital last week is splendid, according to Mrs. Everett, but it will be another two or three weeks before he is permitted to return home.

## FORMER RESIDENT TO MAKE HOME HERE

Among recent arrivals in Sierra Madre are Mr. and Mrs. L. W. Stickney who with two small sons are making their home at 180 North Mt. Trail. For three and a half years Mr. and Mrs. Stickney have resided in the Philippine Islands where Mr. Stickney, a mining engineer, has been active in developing gold mines on the Islands. This is not Mr. Stickney's first residence in Sierra Madre, as his father, A. B. Stickney operated a grocery store at the corner of Baldwin and Sierra Madre Blvd. in 1908.

## Grammar School Notes

Mrs. Leonard's 2B class which is studying wholesale marketing has been reading chart stories about the market trucks which we saw while on a trip to the terminal wholesale market. Three different types of trucks are now being constructed by the class.

Boys in Mrs. Adams 4A class are making adobe missions or Spanish houses which they are studying about. They make the bricks, bake them in the sun and butt them together. Some are making them by themselves, and others are working in twos.

Room mothers of the 5B class gave a Halloween party for the boys and girls in Miss Moote's room Tuesday afternoon. The children enjoyed the refreshments and games very much.

Mrs. Wheeler's 6B class with a membership of 42 has an organization that has been functioning with enthusiasm ever since the first week of school, they class successfully handling many of the bothersome problems involved with such a large group. Dirk Cable has been president, with Eileen Pulling, vice-president, and

Nathan Tarr, secretary.

With the election of new officers Eileen was the popular choice for president, Richard Patterson, vice-president, and Nancy Bumpus, secretary. Ann Irish is the class representative to the council that meets with Mr. Smith and a capable one she is.

If you should visit the 6B class room, upon glancing around the walls we are sure you would feel that you have been transported to a strange world, for the class has been living in imagination in the world of 200 million years ago and this is reflected in the brightly colored pictures of the grotesque animals and queer plant life of that time. One group is working on a mural representing that period and another group is about to launch on the composition of a mural representing man as he lived in his surroundings before written history.

In Mrs. MacKenzie's room the 6A's and 7B's are studying the Pilgrims. We are very interested in them. There are a few boys who are going to make "Plymouth Town." Each boy and girl has their own subject, and they

make reports on their subjects. —Byron Coleman.

Our class is showing great progress in our music studies. We have selected a few songs that we will sing in our next assembly. Miss Pfahler, our music teacher, is sponsoring the 7A Glee Club and Harmonica Band which will start about the first of next month. —Barbara West.

The 7B and 4A are working on their lamps. But are almost through with them. Then we will take on mechanical drawing.

We are sorry to say that Marvin Burns had to go away, but John Buchan came into our room from Mrs. Wheeler's room, so he takes Marvin's place. —Jerry Blum.

Willard's volleyball ball team was beaten last time. We hope to win the coming game, but it will be hard. They are very good players. —Willard Adams.

There are some pictures of animals and some owl designs in the halls of the school. Miss Lusted, the art teacher, is going to replace some of these with new ones. —LaVerne Lyos.

The 6A and 7B are getting along very nicely. Some of the girls are half finished with their shorts. Wednesday, October 25th, the sewing class got two new electric sewing machines. —Margaret Richter.

Mr. Larsen's section of the 8th grade class staged a Halloween party Friday evening, acting as hosts to Miss Sydnor's class. Games and several reels of motion pictures were enjoyed. Mrs. Carleton and Mrs. Maiben, two of the room mothers, gave fine assistance. Special guests were Superintendent and Mrs. Gerald Smith and daughter Geraldine.

The city park house was the setting for Miss Betty Newton's 4B class Halloween party on Tuesday. Lawn games under Mr. Heasley and a wiener roast furnished entertainment for the costumed children. Misses James Heasley, Blanche Fite, Roy Edwards, Donald Tarr, Lewis McLelland and M. Henrotin were hostesses. Carl Hansen furnished briquets for the fire.

A Halloween party was held at the home of Miss Margaret Young for Miss Sydnor's 8th grade class. It began with a scavenger hunt. In the group that won were Allen McLeod, Aiko Kunihiro, and Mary Nishitama. Prize for the best boy's costume went to Goodrich Simmons. Aiko Kunihiro won the girl's costume prize. The house was decorated with a Halloween theme. After the games, refreshments were served. Everyone had a good time. —Arnold Brown.

## Bethany Society To Hear Missionary Thrilling Story

A thrilling story of capture, 52 days imprisonment and exciting escape from the Red bandits of China will be told Tuesday afternoon by Rev. Howard A. Smith at Bethany church when the Missionary Society holds an all-day meeting. Mrs. Smith will give the devotion at 1:30 o'clock, following which her husband will tell about adventures in China his family experienced.

Morning services at 10:30 o'clock will bring Mrs. Martyn Greet and Miss Constance Javardina from the India Christian Mission at Ceylon, India, in native costume. Mr. and Mrs. Robert Harkness, who have often entertained here, will furnish the music.

Luncheon hostess for the day will be Mrs. William Montgomery, assisted by Mrs. James Laidlaw and Mrs. Zimmerman.

## PLAN CREATIVE ARTS FOR CAMP FIRE GIRLS

Mrs. B. L. Hinkley and Mrs. Lucy Young attended the luncheon in Pasadena Tuesday honoring Miss Ruth Tiechmann of New York, associate Field Secretary of Camp Fire Girls Inc., who is in the West conferring with Camp Fire Girls executives and guardians. Creative Arts of the Camp Fire Girls was the topic of talks which followed luncheon.

Girls under the guardianship of Mrs. Elmer Weese celebrated Halloween with a party at the school house Monday afternoon. Mrs. L. S. Pierson's girls enjoyed a similar party at the home of their guardian Monday.

## R. S. CORLETT'S HAVE YOUNG GRANDAUGHTER

A daughter weighing six and a quarter pounds who will be named Carol Ann, was born to Mrs. William K. Corlett, of Pasadena, at St. Vincent's Hospital, in Los Angeles, last Thursday. Mr. Corlett is the son of Mr. and Mrs. R. S. Corlett of 65 East Mira Monte avenue.

## OBITUARY

### WILLIAM H. STEWART

Funeral service for William H. Stewart, 144 East Highland avenue, who passed away Monday at the age of 86, were held at 2 o'clock Wednesday from Grant Chapel, with Rev. S. R. Sheriff officiating. Mr. Stewart, who was a brother of the late Mrs. Cooper, an old resident here, was a Mason and a retired cattle rancher. He had lived in Sierra Madre 10 years, and in the state 21 years. Interment was at San Gabriel Cemetery. He is survived by a sister, Mrs. Sallie Dorr, of Lexington, Okla., and several nieces and nephews in Los Angeles and Pasadena.

## Huntington Library Reopens With Many New Exhibits

The galleries and gardens of the Henry E. Huntington Library and Art Gallery reopened to visitors Wednesday, following the 12th annual closing for renovations.

In the library 50 books printed in Mexico in the 16th century are being shown on the occasion of the 400th anniversary of the introduction of printing in the New World. Held over from the summer because of popular appeal is the exhibit of authors' manuscripts and first editions illustrating the development of the English novel from the time of Chaucer to Conrad's day.

November and December are the best months of the year for local residents to visit. The galleries are not overcrowded during this brief period between the summer tourist rush and the winter visitor season. As in the past, the galleries will be open every afternoon, except Mondays and certain holidays, from 1:15 to 4:30 o'clock. Reservations may be made by telephone.

## FRENCH FILM WILL BE SHOWN AT PJC MONDAY

Sierra Madreans are invited to attend performances of "Ballerina," a French film with English subtitles to be presented by the foreign language department of PJC, Monday, November 6. A powerful drama with a universal appeal, the main intent of "Ballerina" is to bring out one of the noblest emotions of the human soul—love for one's work. It is also a tribute to the classical dance which aptly expresses the spirit of the old European continent. Twelve year old Janine Charrat heads a cast which includes pupils of the Ballet School of the French National Opera. The story is taken from Paul Morand's novel of the backstage world. Performances will be held at 3:30 and 8 p.m. in the John A. Sexton auditorium.

## BETHANY CLASS HAS A FALL DINNER

Sixty-five members of the adult Bible classes of Miss Helen King and William Montgomery of Bethany Church attended the Fall covered dish dinner in the new Sunday school building Friday evening. Mrs. Guy Scott and a group of women of the church served dinner which was followed by prayers and short talks by Rev. S. R. Sheriff. Miss King, Mr. Montgomery, Roy Edwards and James Laidlaw. Mrs. Sheriff had charge of a Biblical quiz game later in the evening.

## Bi-Monthly Sports Programs Is Plan Of Boys Club

The recently organized boys athletic club, which is sponsored by the Sierra Madre Woman's Club, held its first meeting at the clubhouse Friday evening. Under the direction of Kenneth Allen, the boys plan to present bi-monthly sports programs for the boys of the community. This initial meeting was called for discussion of plans and the enthusiastic support of the city council was assured by Councilman Paul Carlier who was present. At the close of the meeting, donuts and chocolate were served by Miss John H. Robertson, John Colbert, William Lees and Ruana Lawson.

## Youth Draws Fine Of \$100 For Driving While Drunk

Irving Martin, a youth of Stockton, paid a \$100 fine Monday morning in police court after pleading guilty to drunk driving charges. Martin was arrested on Sturtevant drive early Sunday morning by police and taken to the local jail, later in the afternoon being released on a bond furnished by the Automobile Club of Southern California. In addition, Martin's drivers license was picked up and forwarded to the Division of Motor Vehicles. Martin became quarrelsome when a companion questioned his ability to drive safely in the condition he was in and started a fight that attracted attention of people of the neighborhood who telephoned police.

## McGraw Pictures Of High Sierra Will Be Shown Arts Guild

Natural color photographs made by R. F. McGraw, 605 North Hermosa avenue, along the eastern slope of the High Sierra and in Arizona will be shown this evening at a regular monthly meeting of the Sierra Madre Arts Guild at the studio of A. J. Dewey. Mr. McGraw also promises an interesting group of sunsets made locally during the last year. The usual refreshments will be served by Mrs. Dewey, house chairman, assisted by Guild members.

## Businessmen Point Out Objection To Proposition No. 1

Continued from Page One  
classes of pensions, those in public institutions, for they would be paid nothing but warrants, and with the market flooded with such warrants, which retailers and wholesalers could not accept because the banks could not accept or cash them, these unfortunate ones would find themselves without means of obtaining the necessities of life, and a bankrupt State could not aid them.

"THEREFORE, BE IT RESOLVED, That the directors of the Sierra Madre Chamber of Commerce, believing it their duty as officers of an organization devoted to the upbuilding of healthy business conditions, with the corresponding improvement in general community conditions, and with the expressed approval of the members, do undertake an active educational campaign to prevent the adoption of this Act."

## Woman's Club Notes

**A**N Americanization pageant entitled "Building of the Flag," written by Dr. Roy L. Smith, minister of the First Methodist Church in Los Angeles, with an epilogue written by Mrs. Waverly Pratt, will be presented by Mrs. Pratt at the Sierra Madre Woman's Club next Wednesday morning. Miss Hazel James Ferguson will provide the musical setting.

Preceding the program a tribute will be paid to the memory of Mrs. Mary G. Conrad, who for many years took full responsibility for the decorating of the clubhouse and until the time of her passing recently was an active and enthusiastic club member.

Mrs. L. Dietz is the charter member to be honored guest of the day. Reciprocity guests who will speak briefly at luncheon will be Mrs. Frank Clark, of Hermosa Beach, county chairman of American Citizenship, and Mrs. H. L. Bayless of Long Beach.

## FALL IS THEME FOR BRIDGE LUNCHEON NOVEMBER 15

A Colonial motif will prevail in decorations for the fall bridge luncheon to be given under the direction of Mrs. J. C. James and committee, November 15 at the Woman's Clubhouse. Tables will be arranged by clubwomen in competition for a prize to be awarded for the most distinctive arrangement. Home made mince meat, which has been made by clubwomen will be on sale for Thanksgiving pies, and prospective buyers will have the added advantage of sampling their purchase, as mince meat pie will be the luncheon dessert.

## JUNIOR WOMEN HAVE A HALLOWE'EN PARTY

An informal Halloween party attended by husbands and guests of members followed the regular meeting of the Juniors of the Woman's Club last Thursday evening. The club rooms were attractively decorated for the occasion and after dancing and games, donuts and cider were served.

## Junior Women Have Scholarship For Some Lucky Girl

Announcement was made this week by the Juniors of the Woman's Club that the Lila Kendall Memorial Scholarship fund of \$250 is available for some Sierra Madre girl past 18 years of age who wishes to take advantage of this opportunity to continue her education.

Applications should be submitted to Mrs. Lyle McElwain, president, who will place them before the board for consideration. This is a splendid opportunity for some local girl. All applicants may feel that their applications will remain confidential, and will receive sincere and just consideration.

## Hallowe'en Here Is Boisterous

Continued from Page One

Several windows in street cars were broken by the impact of green oranges, hurled against them. Passengers were showered with glass, but no one was injured. Many motorists complained of orange and tomato barages and a lot of windows and doors in the residential districts were decorated by overripe tomatoes.

Throwing oranges and tomatoes at the police cars as they cruised around finally landed four young men in jail. Several times the soft tomatoes squashed against the window, splattering the occupants. Having both front windows rolled down saved police from a nasty jolt when green oranges sailed straight through the open windows.

Four boys all over 18 years of age were arrested and held in jail charged with assault—throwing tomatoes at the police cars. Another youth, also over 18, was arrested for unauthorized communication with a person in jail. Three of the group appeared in the police court Wednesday morning and were fined \$5 or two days in the coop. One paid his fine and the other two chose to work out their sentences. The remaining two will appear in court today.

Five other Sierra Madreans got in trouble with Arcadia police for talking trained ducks from Santa Anita Rancho. The ducks, used in a movie set at Baldwin lake, were brought to Sierra Madre, paraded around town and finally cooked and eaten in Bailey Canyon. The boys were turned over to Arcadia authorities.

Seeing that hesitancy on part of local authorities to be severe or "tough" with Halloween celebrations is bringing in rowdies from surrounding towns and that local youths are taking advantage of this situation local police have arranged to see that the next and succeeding observances of Halloween are not so rough. Tentative plans call for the deputizing of practically the entire fire department as police officers, with men stationed at all city's entrances to turn back gangs at the city limits. Though police are reluctant to make arrests and file charges against boys and young men that may later in life confront them, it has been decided that only in this way can rowdism be discouraged.

## Cascade Mum Show Opens Next Tuesday

More Than 500 Specimens, Including Many New Varieties To Be Exhibited

More than five hundred specimens of chrysanthemums will form a tapestry of flowers at Wistaria Vine Gardens, Tuesday, opening day of the third annual Cascade Chrysanthemum Show which will continue through November 19. The 'mums will twine around poles and hang down, making a vari-colored background of shaggy petals.

Three types of 'mums will be exhibited—cascade, prostrate and tree, with all colors and latest developments in this flower culture. "Snow on the Mountain," "Firm Fall" and "Orchid Mist" are among the newest varieties.

Individuals, organizations and clubs are invited to exhibit. The Sierra Madre Garden Club will have an exhibit and the Esther Forman Garden Club has been invited to enter. No cash awards will be given this year, and Mrs. Roma Coolidge Mulvihill, an authority of note, with two others, not yet selected, will judge.

Pacific Rose Society dinner Tuesday will formally open the 12 day exhibition, with George E. Millard, of Pasadena, as guest speaker. Thursday, November 9, the 11th Congressional District Democratic Breakfast club will hold their meeting at the Vine Gardens, Friday evening, November 10, the San Gabriel Valley Unit of the California Newspaper Association will hold its monthly meeting at the show.

Judge E. W. Camp will speak at the Sunday supper program, November 12, when Marion Smithson Uez' string ensemble will play. A potluck dinner, given by the Sierra Madre Garden Club, is scheduled for Monday, November 13, and all music lovers will be interested in the Morridge-Mills concert on Tuesday, November 14. Elizabeth Morridge Mills, daughter of Mr. and Mrs. George Morridge, and her husband, Evelyn John Mills, have won high praise by their artistry in their many concert appearances throughout California.

## Expect Heavy Vote Here Next Tuesday

percentage has rarely been over 60. W. M. Kerr, county registrar of voters predicts over an 80 per cent vote throughout Los Angeles county.

Supporters and opponents of the measure have been making canvasses in every section of the city and agree that an unusually heavy vote will be polled in every election precinct, no particular precinct showing less interest than any other. Both sides in their contacts with voters are urging early voting to prevent congestion and long waits at the voting booths in the late afternoon and evening.

Seven polling places have been designated for the election. They are located as follows:

Precinct 1—Res. 74 W. Grand View avenue; Precinct 2—Res. 617 West Montecito avenue; Precinct 3—City Hall, 55 W. Sierra Madre Blvd.; Precinct 4—Municipal Park House, 25 South Hermosa avenue; Precinct 5—Masonic Temple, 33 East Sierra Madre Blvd.; Precinct 6—Res. 81 East Grand View avenue; Precinct 7—Res. 430 Sturtevant drive.

Though the city hall will be closed on election day, arrangements have been made to have some one on hand there constantly to inform confused voters as to the location of their polling places. Anyone in doubt as to where he or she should vote should call 51, a city hall telephone.

The polls will close at 7 p.m.

10—No, it is not correct to use the phrase "Pardon me." The correct phrase is "Excuse me," or "I beg your pardon," or "Sorry."

## Sierra Madre Sends Cascade Mums To Pasadena Show

Wistaria Vine Gardens is displaying cascade chrysanthemums in the nursery division of the Southern California Fall Flower Show at Brookside Park, Pasadena this weekend. The show opened Thursday and will close Sunday evening at 10 p.m.

Four large buildings are crammed with all varieties of fall flowers, rare fern exhibits, citrus and ornamental fruit trees, and flowers and miniature gardens fill the large patio of the Fannie E. Morrison Horticultural center where the show is held. A "budget garden" is one of the features designed to help the small homeowner with his garden problems.

## New Honors Come To Sierra Madre Woman

Mrs. May G. Schaefer, of 31 East Alegria avenue, was unanimously elected president of the Business Women's Legislative Council of California which held its sixth biennial convention Saturday at the Woman's Athletic Club in Los Angeles. The Sierra Madreans has edited "Hi-Lites," the council publication, for the past two years and has also written "Legislative Gleanings" for the Soroptist, published by the Alhambra Soroptist, of which she is president.

## Patterson Will Address Democrats

A large gathering of Democrats from every area of the big 11th Congressional district is expected at the monthly dinner-meeting of the 11th Congressional District Democratic Club next Thursday evening at Wistaria Vine Gardens, according to Attorney John L. FitzGerald, vice-president representing this legislative district. Lieutenant Governor Ellis E. Patterson will address the club, his subject being "Democrats of Various Hues."

## Warns Youth Here Must Be Interested

Continued from Page One

under him." He suggested that the committee be guided in its activities by Mr. Davey who has spent much of his life in directing youth activities.

Mr. Davey said he thought juvenile delinquency was being over emphasized, that inherently most young boys and girls had no disposition to be bad and when they are it is often the fault of parents and communities that fail to provide direction for youth.

There is an inborn thirst for adventure in all boys, he said, and any plans made should take this into consideration. He thought the movement here should be directed along several lines, that he will later submit to the committee. Superintendent Gerald Smith, of the grammar school, said he thought something should be done as quickly as possible to provide entertainment and instruction for the city's youth. Purpose of the movement, he said, should be "to develop personality, build character and teach children to get along with one another." He said he was not so much concerned about juvenile delinquency if proper diversion is provided for the city's youth.

"Any movement here ought to be to provide recreation for young and old and I expect that whatever we do will expand to that extent in time," he said.

Mr. Hughes told of the fine accomplishments of the Los Angeles County Coordinating Council, of the number of organizations cooperating with it in various communities, notably Pasadena and Monrovia, where the youth movement was bringing substantial returns and invited the local group to identify itself with the council.

Councilman Schwartz read a newspaper clipping from Glendora where a committee of the community's outstanding citizens are working on that city's youth problem and where a well known citizen has agreed to donate an acre of ground and contribute substantially towards building of a clubhouse, work and study rooms. The city council, he said, was greatly interested in the youth movement and hoped the committee would evolve a plan that could be put into operation as soon as possible. He said the city had many facilities that could be utilized in the movement that are not now being used to their fullest advantage. During the summer months, he said, when the night softball games are on at the grammar school grounds there are few if any children and young people on the streets and there is no trouble.

"That," he said, "is because they have something to occupy their minds and interest them. That condition should prevail throughout the year."

Clarence G. Huntsinger was elected permanent chairman of the committee and Mrs. Waverly E. Pratt, secretary. The committee will be divided into sub-committees to make investigations along several lines and inquire into facilities and activities of similar organizations in the other cities. Another meeting will be held shortly. E. A. Davey was made a permanent member of the committee and Superintendent Smith was made a representative of the grammar school, in addition to Edwin Ward, Jr., and Mrs. B. L. Hinkley who represented the school board. The committee was given authority to increase its membership.

## New Coat Of Paint Dolls Up P.E. Station

Direct outgrowth of a request by the transportation committee of the Sierra Madre Chamber of Commerce early in October to improve the appearance of the Pacific Electric station, resulted in a new paint job this week.

Workmen started Monday on the exterior, transforming the dingy building to a clean, tan station, with dark green roof and trim. The interior will also be painted. New window panes replace broken ones.

In a letter dated October 3, the Chamber of Commerce inquired into possibilities of making the station a more suitable place for passengers to wait. The reply from Chief Engineer C. E. Johnson's office stated:

"We will have an immediate investigation made of the conditions mentioned in your letter to see what improvement can be made."

## Fog Blankets Out The Hot Weather

Heavy fog and cooler weather ushered in November, after the close of a month of much above normal temperatures. High pressure off the coast and low over the interior, causing marine air to flow landward, seems to be the reason for the cooler temperature. Temperatures for the week were:

	Max.	Min.
October 27	82	52
October 28	87	63
October 29	90	66
October 30	97	71
October 31	92	70
November 1	81	60
November 2	69	

Precipitation to date, 7.17; normal to date, 1.56; for the month, .65.
